Notes:

- For customers connected to the collection system who are not charged a flat rate, the monthly charge is the **greater** of: (1) the Monthly Minimum charge or (2) the charge calculated using the following formula:  

$$(\text{Prior 12 Months Water Use} \times \text{Water Use Multiplier} \times \text{Rate Per Gallon}) \div (360)$$
- Newly constructed Residential Parks (Mobile Home Parks and RV Parks) shall be initially billed at the Monthly Minimum per unit rate.
- The Mobile Home Parks classification includes commercial residential developments consisting of modular and/or prefabricated homes.
- Customers whose fees are calculated based upon daily water use may apply to have their water use revised to exclude water use that does not enter the sewer collection system. The burden of proof of such water exclusion shall bear upon the Customer. This may take the form of records from a separate water meter for the excluded use or records from a sewer flow meter installed by the customer but approved by, and under control of, the District.
- It is the Customer's responsibility to connect the property to the sewer collection system. Active Customers will be charged the Monthly Minimum charge whether or not they have actually connected their property to the sewer collection system.
- Monthly Service charges for new Customers will begin when connection to the Collection system is made.

**CHARGES FOR ON-SITE IMPROVEMENTS**

Customers utilizing the District's On-Site Improvement Program who entered into agreements between July 1, 1995 and June 30, 1997 shall be charged according to the following tariff.

**General**

On-Site Improvements shall mean any and all work necessary for a Customer to connect to the District's wastewater collection system within the property boundaries of that Customer. As long as a monthly surcharge is in effect, the District shall own said improvements and the Customer shall grant the District right of entry. Each Customer wishing to utilize this service must enter into an appropriate contract for the on-site improvements; as such contract may from time to time be amended by the District's Board of Directors.

Nothing herein shall prohibit a customer from paying off the balance of the cost owed to the District of the on-site improvements. Said payoff shall be calculated based upon an amortization period of 20 years at 8.5% per annum, compounded monthly. For purposes of calculating the payoff, it shall be assumed that interest is paid before principal.

**Residential Customers**

Residential Customers utilizing the District's On-Site Improvements Program have two options for paying for the applicable Improvements.

**Option A**

Residential Customers may elect to reimburse the District for the District's direct cost of constructing the On-Site Improvements. Such reimbursement shall be due and payable upon completion of the On-Site Improvements.

**Option B**

Residential Customers may elect to have the District pay up to \$1,000 of the District's direct cost of constructing the On-Site Improvements. The District shall charge residential Customers choosing this option a monthly surcharge of \$8.68 for 240 consecutive months. All costs in excess of \$1,000 shall be due and payable upon completion of the On-Site Improvements.

**Non-Residential Customers**

Non-Residential Customers may elect to have the District pay up to \$50,000 toward the cost of the applicable On-Site improvements. The District shall charge the non-residential Customer a monthly surcharge of \$8.68 per \$1,000 for 240 consecutive months.

**TARIFF SHEET 8**  
**Fiscal Year 2015 ADOPTED**  
**CHARGES FOR ON-SITE IMPROVEMENTS**

Effective July 1, 2006, all Customers utilizing the District's On-Site Improvement Program shall be charged according to the following tariff.

**General**

On-Site Improvements shall mean any and all work necessary for a Customer to connect to the District's wastewater collection system within the property boundaries of that Customer. As long as a monthly surcharge is in effect, the District shall own said improvements and the Customer shall grant the District right of entry. Each Customer wishing to utilize this service must enter into an appropriate contract for the on-site improvements; as such contract may from time to time be amended by the District's Board of Directors.

Nothing herein shall prohibit a customer from paying off the balance of the cost owed to the District for the On-Site Improvements. Said payoff shall be calculated based upon amortization of the original amount owed at a variable interest rate per annum, compounded monthly. For purposes of calculating the payoff, it shall be assumed that interest is paid before principal.

**Residential and Non-Residential Customers**

Residential and Non-Residential Customers utilizing the District's On-Site Improvements Program have two options for paying for the applicable Improvements.

**Option A**

Customers may elect to reimburse the District for the District's direct cost of constructing the On-Site Improvements. Such reimbursement shall be due and payable in full upon completion of the On-Site Improvements.

**Option B**

Customers may elect to have the District pay a negotiated amount of the District's direct cost of constructing the On-Site Improvements. The District shall charge Customers choosing this option a monthly surcharge based upon the negotiated terms of the agreement.
